

ATTENTION

Suppliers, importers, and out-of-state wholesalers of distilled spirits and wine.

The ABC's General Counsel recently learned that many suppliers, importers, and wholesalers were providing the ABC Office with copies of invoices or reports of any shipments transported into Kentucky.

The General Counsel advises that no statutory or regulatory duty requires suppliers, importers, or wholesalers to do so. As such, the Kentucky ABC requests that you stop forwarding these invoices or reports to our office. Any invoices or reports sent to this office will be destroyed.
